## THE CHINA YEAR BOOK

Each new edition adds another volume to the series (dating from 1912) which constitutes the only existing history of China in recent years. It is the recognized text book on Chinese events and policies, and provides the only basis for forming a complete and accurate judgment on Far Eastern affairs.

The information, which is unbiased and as complete as possible, is not the work of one man, but from a group of contributors who are experts in their own subject. The book is concise and presented in a handy volume convenient for reference.

Cloth bound, 600 pp., \$18.

## SHANGHAI STREET DIRECTORY, 1939

The numbers of the houses in the Lanes, Terraces, Courts, and Passages are indicated by italic figures.

In the northern and eastern districts, which were the scenes of recent Sino-Japanese hostilities, only the names of the streets are inserted, it being impossible, owing to military occupation, to secure information as to buildings which remain standing.

## THE NORTH-CHINA DAILY NEWS

*A morning newspaper seven days a week, with an illustrated  
supplement every Sunday printed on art paper.*

THE NORTH-CHINA DAILY NEWS has for upwards of a century been recognized and quoted as the leading China foreign Newspaper. It has created for itself, and established for others, a model of what is required by readers and advertisers: a balance of news and opinion, a complete and impartial view of both Chinese and Foreign Affairs, Financial Surveys, Sport, Recreation and Literature.

Writers of several nationalities write on all subjects of national and popular interest, and reviews of plays and cinemas appear regularly. The advertising appeals to the highest class of readers—and the wealthiest.

*Revised Subscription Rates, effective January 1st, 1939.*

Shanghai, Chi. \$28 per annum; Other parts of China, Chi. \$36 per annum

# THE CHINA YEAR BOOK

Each new edition adds another volume to the series (dating from 1912) which constitutes the only existing history of China in recent years. It is the recognized text book on Chinese events and policies, and provides the only basis for forming a complete and accurate judgment on Far Eastern affairs.

The information, which is unbiased and as complete as possible, is not the work of one man, but from a group of contributors who are experts in their own subject. The book is concise and presented in a handy volume convenient for reference.

## THE NORTH-CHINA DAILY NEWS

*A morning newspaper seven days a week, with an illustrated  
supplement every Sunday printed on art paper.*

THE NORTH-CHINA DAILY NEWS has for upwards of a century been recognized and quoted as the leading China foreign Newspaper. It has created for itself, and established for others, a model of what is required by readers and advertisers: a balance of news and opinion, a complete and impartial view of both Chinese and Foreign Affairs, Financial Surveys, Sport, Recreation and Literature.

Writers of several nationalities write on all subjects of national and popular interest, and reviews of plays and cinemas appear regularly. The advertising appeals to the highest class of readers—and the wealthiest.

Either as investor, land owner, or tenant, nearly everyone in Shanghai is financially interested in land and houses. Land assessment, transfer and development, and the building and repair of houses are subjects on which everyone should be informed or have information in the form of easy reference handy. The Compendium deals fully and intelligently with all these activities, and its catalogue of locally obtainable materials and manufactures is invaluable.

## THE NORTH-CHINA DAILY NEWS

*A morning newspaper seven days a week, with an illustrated  
supplement every Sunday printed on art paper*

THE NORTH-CHINA DAILY NEWS has for upwards of a century been recognized and quoted as the leading China foreign Newspaper. It has created for itself, and established for others, a model of what is required by readers and advertisers: a balance of news and opinion, a complete and impartial view of both Chinese and Foreign Affairs, Financial Surveys, Sport, Recreation and Literature.

Writers of several nationalities write on all subjects of national and popular interest, and reviews of plays and cinemas appear regularly. The advertising appeals to the highest class of readers—and the wealthiest.

## THE NORTH-CHINA DAILY NEWS

*A morning newspaper seven days a week, with an illustrated supplement every Sunday printed on art paper.*

THE NORTH-CHINA DAILY NEWS has for upwards of a century been recognized and quoted as the leading China foreign Newspaper. It has created for itself, and established for others, a model of what is required by readers and advertisers: a balance of news and opinion, a complete and impartial view of both Chinese and Foreign Affairs, Financial Surveys, Sport, Recreation and Literature.

Writers of several nationalities write on all subjects of national and popular interest, and reviews of plays and cinemas appear regularly. The advertising appeals to the highest class of readers—and the wealthiest.

Either as investor, land owner, or tenant, nearly everyone in Shanghai is financially interested in land and houses. Land assessment, transfer and development, and the building and repair of houses are subjects on which everyone should be informed or have information in the form of easy reference handy. The Compendium deals fully and intelligently with all these activities, and its catalogue of locally obtainable materials and manufactures is invaluable.

## China Architects and Builders Compendium

### *The Local Property Owners' Encyclopædia*

Either as investor, land owner, or tenant, nearly everyone in Shanghai is financially interested in land and houses. Land assessment, transfer and development, and the building and repair of houses are subjects on which everyone should be informed or have information in the form of easy reference handy. The Compendium deals fully and intelligently with all these activities, and its catalogue of locally obtainable materials and manufactures is invaluable.

THE NORTH-CHINA DAILY NEWS has for upwards of a century been recognized and quoted as the leading China foreign Newspaper. It has created for itself, and established for others, a model of what is required by readers and advertisers: a balance of news and opinion, a complete and impartial view of both Chinese and Foreign Affairs, Financial Surveys, Sport, Recreation and Literature.

Writers of several nationalities write on all subjects of national and popular interest, and reviews of plays and cinemas appear regularly. The advertising appeals to the highest class of readers—and the wealthiest.

# Directory of Protestant Missions in China, 1939

## Index of Societies and List of Executive Officers

The arrangement is alphabetical, by the initials of the society's name, which usually conform to those used in "The 1936 Handbook of the Christian Movement in China under Protestant Auspices." The list aims to give in this order:

1. Society initials.
2. Official name of each Society.
3. Provinces in which it operates. These are in parenthesis, the figure (1) indicating that the station named is the only one.
4. China administrative address, with names of responsible officers to whom general communications should be sent. This includes, wherever possible, local telephone number (Tel.) and telegraphic address (T.A.) in italics.
5. Home Address (H.A.) of the Society, outside China. In several cases this is merely the foreign representative, or collecting agency, of an organization of which the head office is in China.
6. Telegraphic address (T.A.) abroad, in italics.

## THE NORTH-CHINA DAILY NEWS

*A morning newspaper seven days a week, with an illustrated supplement every Sunday printed on art paper*

THE NORTH-CHINA DAILY NEWS has for upwards of a century been recognized and quoted as the leading China foreign Newspaper. It has created for itself, and established for others, a model of what is required by readers and advertisers: a balance of news and opinion, a complete and impartial view of both Chinese and Foreign Affairs, Financial Surveys, Sport, Recreation and Literature.

Writers of several nationalities write on all subjects of national and popular interest, and reviews of plays and cinemas appear regularly. The advertising appeals to the highest class of readers—and the wealthiest.

*Revised Subscription Rates, effective January 1st, 1939.*

Shanghai, Chinese \$28 per annum; Other parts of China, Chi. \$36 per annum
